

Committee Progress Report

Committee	Committee Chair(s)	Year	Jan-Apr	May-Aug	Sept-Dec
Sports and Recreation	Rota/Corn	2023		x	

Key Accomplishments for the time period

- The Committee has received the following donations for the Sports Complex area: 3 sets of horseshoe pits, 1 set of Kan Jam, 1 set of Ladder Ball, 1 Croquet Set and 6 Pickleball paddles.
- The Annual Meeting passed the repair and replacement of the lower courts. This will become: 4 Pickleball Courts (2 permanent and 2 Temporary), 1 Basketball Court, a Whiffleball area and a Corn Hole area.
- Our number of Pickleball players has doubled since last year not including their guests.

Focus for the Upcoming time period

- Deconstruction of the lower courts
- Repairing of cracks on the Upper courts
- Installation of 3 Horse Shoe Pits
- Setting 4 permanent net standard PVC sleeves for the permanent Pickleball area.
- Scheduling Paving Company for next April 1. Courts will sit for 30 days after paving before lines are added.
- Looking at the Softball field and eventually skinning the infield and setting in permanent bases.
- Looking at the relocation of the Volleyball area which currently is difficult to play on because of its proximity to the woods and thorny areas.

Issues or Challenges

- Cracks in the Upper Tennis Courts are increasing in size. The annual budget needs to increase in order to keep any Major repairs or assessments from occurring again.
