

# SPORTS & RECREATION COMMITTEE PROPOSAL

Future Off Street Parking

Telephone poles

Future Volleyball

Future Skinned Infield

Horseshoe Pits

Temporary

Temporary

Permanent

Permanent

The picture has a new Basketball area, 2 permanent Pickleball courts and 2 temporary Pickleball Courts, proposed Horseshoe pits outside the lower court area, relocation of Volleyball courts to the field, skinning of the Softball field w/ stone dust added and Corn hole added to the court area. Finally, the creation of an off street parking area so it is safer than parking alongside Beetle Rd.

### **2024 Step by Step Process**

1. Remove lower court's current surface by Bill Magni.
2. Replace with Warner Brothers Paving Company and insert four 3" pvc sleeves for 2 permanent nets.
3. Allow new asphalt to "season" and paint white court lines when ready (Usually 3-4 weeks).
4. Add any court complimentary colors at the end of Summer 2024 (Kitchen/serve boxes).
5. Add corn hole and horse shoe pits outside the lower courts.
6. "New" Budgetary Court/Field maintenance line item. (3K)
7. 2025 Court Seal the remainder of outer courts and permanent net purchases.

### **Future Initiatives:**

1. Creation of a new field parking area for safer parking instead of along Beetle Rd.
2. Relocation of Volleyball Courts by our staff- Skin out court and transfer sand.
3. Skin 75 ft radius of existing grass infield from Softball/Baseball field.
